****

Deputy General Manager-2, BSWML welcomed all the officials and the representatives of the agencies/ firms for below works for which Pre-Bid meeting was called. Representatives of various companies as above were present in the said pre bid meeting.

The queries/clarifications sought by the agencies with regard to bids invited, were received in writing/ e-mail & through KPP portal. The clarifications are issued according to the tenders invited as under:-

Subject: "Operation and Maintenance of 150 TPD Wet Waste Processing Plant located at Subbarayanapalya Call-2"

Sl. No	Tender Doc Ref	Query Raised	Clarifications/Amendments issued
	I) M/s. OM Aparajithe Solid Waste Management LLP queries		
1	The bidder / JV should individually / collectively have satisfactorily completed at least one similar nature of work in Operation and Maintenance of MSW wet waste processing plants of value not less than Rs. 242.06 lakhs (50% of the estimated cost for one year) in any one year) in any one year during last five financial years i.e., 2020-21 to 2024-25	We have successfully executed and completed a project involving a mixed waste processing plant, wherein we handled and processed wet waste to the value of Rs. 242.06 lakhs. The nature and scale of this project are in alignment with the technical and financial criteria mentioned in the tender. We therefore humbly request you to kindly consider this as meeting the eligibility requirement, in the interest of promoting healthy and fair completion.	Refer addendum-1
2	The bidder / JV should individually / collectively have satisfactorily completed processing of 43800 MT (80% of the estimated waste quantity) quantity of wet waste in MSW wet waste processing plant in any one year in the last five financial years i.e., 2020-21 to 2024-25	We have successfully processed 43,800 MT of wet waste in an MSW mixed waste processing plant within the stipulated time frame. The scale and scope of this work are comparable to the tender requirement, as the mixed waste plant involved substantial wet waste processing, in line with operational standards of a dedicated wet waste facility. In view of this, we kindly request you to consider our qualification under this clause, to enable broader participation and promote fair and healthy competition.	Refer addendum-1

	II) M/s. Libra Detective and Security Services Online quarries		
3	**Qualification Criteria:** The bidder / JV should individually or collectively have satisfactorily completed at least : ➢ One similar work related to Operation and Maintenance of MSW wet waste processing plants, of value not less than Rs. 242.06 lakhs (i.e., 50% of the estimated cost for one year) in any one year during the last five financial year i.e., 2020-21 to 2024-25. **OR** ➢ Supplied manpower of value not less than Rs. 242.06 lakhs (i.e., 50% of the estimated cost for one year) for Operation and Maintenance of MSW Wet waste processing plants in any one year during the last five financial years i.e., 2020-21 to 2024-25.	The bidder / JV should individually or collectively have satisfactorily completed at least : The bidder / JV should individually or collectively One similar work related to Operation and Maintenance of MSW wet waste processing plants, of value not less than Rs. 242.06 lakhs (i.e., 50% of the estimated cost for two years) in **any two year** during the last five financial year i.e., 2020-21 to 2024-25. **OR** The bidder / JV should individually or collectively have Supplied manpower of value not less than Rs. 242.06 lakhs (i.e., 50% of the estimated cost for two years) for Operation and Maintenance of MSW Wet waste processing plants in **any two years during** the last five financial years i.e., 2020-21 to 2024-25.	Refer addendum-1
	III. M/s MSGP Infra Pvt. Ltd. Quarries.		
4	**SECTION 5. TERMS OF REFERENCE 3. AN OUTLINE OF THE TASKS TO BE CARRIED OUT:** The task assigned to the selected bidder is to	Additionally, we request clarification regarding the responsibility for the disposal of inerts generated from the processing activities. Kindly specify who is accountable for their disposal, and outline the approved procedure for the same.	Disposal of inerts is in the scope of Bidder.

	receive the wet waste at plant, process it and dispose the inert's as stated in the procedures below:		
5	The inward quantity of the waste at processing plant recorded by weigh bridge shall be considered as actual. It is to be noted that up to 125% of the input quantity incoming as prescribed quantity shall be processed by bidder as per accepted rate of proposal. If the inward quantity is less than the prescribed quantity of plant, the same shall be processed & payment shall be done to selected bidder as per the actual quantity received at plant. The payment of processing shall be made as per the payment schedule.	BSWML should ensure that, since the tender is based on a cost-per-ton model, payments are made accordingly-irrespective of any increase or decrease in the actual quantity supplied. The bidder is required to deploy the necessary manpower, vehicles, equipment, and other resources to process 150 TPD. Therefore, if the quantity supplied exceeds 150 TPD, payment should be made for the additional quantity, as it involves effort. Proportionate additional effort. Conversely, if the quantity supplied falls below the stipulated 150 TPD, it remains BSWML's responsibility to ensure the supply of the committed quantity. However, since the plant is designed and operated for 150 TPD, the bidder should still be compensated for a minimum of 150 TPD, regardless of any lesser quantity being supplied. This approach has been followed in tenders issued by the Directorate of Municipal Administration, Government of Karnataka, for Operation Maintenance projects, and we request that the same be adopted here to ensure consistency and accountability across MSWM projects.	Tender condition prevails.
6	The Leachate generated in the plant shall be transported / supplied through existing drain network to the collection sump & same shall be	Kindly confirm whether the disposal of leachate falls under eh BSWML's scope and if the associated transportation charges are to be borne by the BSWML.	Please refer Section 5. Terms of Reference for disposal of leachate

	transported to designated site using vehciles as specified.		
7	The compost prepared as per approved technology shall be handed over to the client. Arrangement for stacking as per SOP of finished products shall be made by the bidder until the client takes the compost out of the processing plant.	The compost produced will be handed over to the client. Once it is produced and stacked, it shall be the responsibility of BSWML to arrange for its transportation and loading to the designated sites. If the compost is not collected within 30 days, the bidder should be permitted to dispose of it at their discretion.	Tender condition prevails.
8	The generated leachate from windrow is collected in the collection tank If farmers are requesting/demand for Fermented liquid organic manure (FLOM) then farmer's RTC and request letters to be taken for the records. FLOM shall be transported scientifically with the approval of competent authority. Leachate can be recirculated for maintenance of moisture purpose in the windrow as per the SOP without affecting the performance of the plant and without creating any nuisance. If demand is not available then leachate can be transported to designated LTP. Ensure that Collected leachate	➢ The designated location where the leachate is to be transported in the absence of farmer demand, ➢ Who shall be responsible for arranging transportation/logistics to the LTP or designated area, and If the cost of transportation and handling of leachate is to be borne by the bidder, kindly clarify whether the same will be reimbursed by the authority.	Please refer Section 5. Terms of Reference for disposal of leachate

	should not over flow from the tank and to be cleared within 2 days of generation		
9	Operation & Maintenance of Existing Vehicles at Subbarayanapalya MSW Processing Plant.	Kindly clarify that the cost incurred for repair and servicing activities is not included in the overall project cost. As these expenses are unpredictable, the bidder can undertake such activities only if BSWML provides a clear assurance of reimbursement against valid invoices. Also, please confirm that the vehicle fitness certificates will be provided by BSWML prior to the commencement of work. Since the bidder is expected to assess the condition of vehicles before bidding, it is not feasible to carry out a thorough technical evaluation within a limited time frame of one or two days. Therefore, we request you to kindly provide a condition/status certificate issued by a competent and authorized agency to enable accurate assessment.	Tender condition prevails. Vehicle fitness and other related documents will be provided to the successful bidders.
10	Operation & Maintenance of Existing Vehicles at Subbarayanapalya MSW Processing Plant.	The tender document indicates that comprehensive repair and maintenance is require for nearly all equipment within the plant. This will significantly escalate the costs to indeterminate levels, which cannot be accurately assessed at this pre-tendering stage. Therefore, we request that such repair and maintenance expenses be reimbursed to the Bidder upon submission of valid invoices and documentation. supporting Kindly clarify whether the	Tender condition prevails.

		responsibility for repair and replacement costs of the specified equipment lies with the Bidder or BSWML. Since the bidder is expected to assess the condition of machinery before bidding, it is not feasible to carry out a thorough technical evaluation within a limited time frame of one or two days. Therefore, we request you to kindly provide a condition/status certificate issued by a competent and authorized agency to enable accurate assessment.	
11	**O&M of CCTV system at Subbarayanapalya MSW Processing plant:** O&M of fire fighting system at Subbarayanapalya MSW Processing plant	Kindly clarify whether the responsibility for repair and replacement costs of the specified equipment lies with the bidder or BSWML. As the repair expenses are variable and not feasible to estimate within the project cost, we request that the Bidder be reimbursed upon submission of the necessary supporting invoices and documentation. Since the bidder is expected to assess the condition of CCTV and Fire Fighting System before bidding, it is not feasible to carry out a thorough technical evaluation within a limited time frame of one or two days. Therefore, we request you to kindly provide a condition/status certificate issued by a competent and authorized agency to enable accurate assessment.	Tender condition prevails.
12	**(ix) Key performance Indicator :** The performance of the bidder shall be monitored on monthly basis and the payment shall be released after	As per the tender clause, payment to the bidder shall be based on monthly performance parameters, including quantity processed, and may be subject to penalties at the discretion of the Client.	Tender condition prevails.

	reviewing the processing quantities parameters, deduction on account of penalties etc. at the discretion of the client.	However, considering the nature of a waste processing facility, there may be instances where operations are disrupted due to reasons beyond the bidder's control-such as local strikes, interruption in waste supply by BSWML, or natural calamities. In such situations, we request you to kindly consider a provision wherein the payment for the affected period is released based on the average of previous billing cycles, without applying penalties, until normal operations resume. We request you to kindly consider this provision and confirm.	

All the bidders are requested to participate in the bidding process and further the bidders are instructed to note the above clarifications/amendments issued and to kindly note that the **last date of submission is up to 05-08-2025 at 16:00 hours.**
